SECTION – II

DETAILS OF ASSIGNMENT & EXPRESSION OF INTEREST
Term of Reference

For

Appointment of agency for implementing the project “Strengthening non-farm livelihoods in Dausa district (Leather & Mojari work)” under Rajasthan Rural Livelihood Project (RRLP).

1.0 Background

RGAVP invites EOI from agencies having capabilities for Skill upgradation and product development in Mojari and allied leather work. Under the scheme it is proposed to conduct Skill assessment, Skill upgradation, product development workshop including providing training of trainers (ToT) along with market linkages to develop village leather based artisans into Leather Based Livelihood Groups (LBLG).

RGAVP envisages to help rural poor in strengthening their existing livelihoods and in building new livelihoods by putting three critical factors together- organizing the poor, establishing mechanism for timely livelihoods services, and setting mechanism for value addition and marketing of their produce.

RGAVP intends to promote Leather work under non-farm based livelihoods in villages of Dausa District.

1.1 Background for Assignment

Rural non-farm employment is considered to be particularly important to the landless and small and marginal farmers, leading to the conclusion that the growth of real per capita non-agricultural output can have a significant impact in reducing rural poverty.

To strengthen non-farm based livelihoods, expansion of income opportunities in the non-farm sector is critical. Viable and scalable non-farming practices have to be explored and promoted. Therefore, to provide a sustainable income source through promotion of best non-farming practices and creation of producer collectives, RGAVP has decided to select an external technical agency for market facilitation of Leather works (200 artisans) women already mobilized under women Self Help Groups with RGAVP.

1.2 Objectives of Assignment

A key component of the RRLP is to develop the capacity of SHGs to start livelihoods initiatives and to strengthen such initiatives through capacity-building support and through creating producer federations. The project also seeks to develop Public Private
Partnerships (PPPs) and facilitate linkages with commercial banks to help enhance livelihoods of rural producers.

2.0 Scope of Work:

The scope of work is envisaged as under:-

2.1 Skill Assessment:

The target group is about 200 artisans of women Self Help Groups (SHGs). The skill assessment shall be done on the above group by the agency in order to categorize the artisans in three groups on the basis of their skill set and learning abilities:

- **Category A**: Expert (Multi Skilled)
- **Category B**: More than one skill
- **Category C**: Single Skill

2.2 Skill Upgradation:

The agency shall be responsible for identifying the core skill of the artisans and provide value addition training which would be initiated at the village level and for duration of 1 to 3 months. In order to upgrade their core skill and acquiring of the new skills for the target group of artisans at the end of the training phase. The agency shall also identify the experts from the target group of artisans for them to become the Master Crafts Persons.

2.3 Product Development:

The agency shall be responsible for conducting of product development workshop for the artisans who are grouped under the Self Help Groups (SHGs) fold as the Leather Based Livelihood Group (LBLG). It would also impart special skills to the identified Master Crafts Persons with a view to improve skill and capability within the self help group which would help the SHG to develop new range of products under the expert supervision of a qualified designer appointed by the agency.

The product development workshops would act as training period for master craft persons and the LBLG as sessions for understanding the market requirements and the needs of improvement in the existing product portfolio and adding new range of product designs.

These workshops would be for a period of (10-15) days, quarterly that is 4 times in a year at a location convenient to the SHG women to ensure the product development process is accomplished for the target group in a manner such that the groups shall have range of products to sell it in various market. Products development workshop will create samples targeting certain market/clients/customers.
2.4 Training of Trainers:

The agency shall be responsible to provide requisite training to the Master Crafts Person who shall ultimately act as trainer of the LLG with requisite tool kits. These trainings should be done in regular intervals of 1-2 months as would be desirable to ensure that the identified trainers play the key role of helping the Producer level organisations to function successfully.

2.5 Market Linkage:

The agency would also play a key role to guide RGAVP in setting up market connectivity for these LLG so that the products developed get the desired market price to help create a successful livelihood intervention and will also ensure following:

- Creation of Web Portal with Payment Gateway System (Assistance in write up development)
- Preparation of promotional material for the groups- including brochure, leaflet, e-catalogue, label, logo, case study banners for dissemination.
- Forward and Backward Linkages with at least 3 outlets/emporia and buyers.
- One exhibition at State level.
- Participation in fair at least 3 in a year (At prominent places in India).

Also the agency should help in registration of the Producer Level Organisation to initiate trade. All this would be done in a phased manner.

- **Phase 1: Market Readiness:** The selected agency will undertake capacity building programmes to make producers ready for the market. This includes activities like skill assessment, skill up-gradation training, product development training, identification of master crafts person and crafts sakhi and their training. Linkages of producer groups with bulk supply of raw material and creation of integration of total value chain, training on market readiness. Agency may recommend activities other than abovementioned to fulfill the objective.

- **Phase-2:** Production/ setting up process/ records and production/ quality check/Marketing/creation of producer collectives. The agency will undertake a range of livelihood interventions with producer groups/ producers collectives. These interventions will include, but not be limited to: organizing exposure visits, providing technical inputs, increasing access to higher quality inputs and increasing access to market.

- **Phase-3:** Linkages with other government/non government agency
  
a. Providing on-going handholding support to producer collectives, including assisting them in developing a basic business plan and financial projections so as to enable them to move toward commercial viability.
b. Develop bank linkages for producers and Producer Collectives so as to meet various capital needs of producers.
c. Foster linkages to other schemes and interventions working on non-farm livelihoods at the local, state and national levels.

While developing implementation plan, the Agency would consider following essentials-

1) The beneficiaries should be members of Self Help Groups (SHGs) formed/co-opted by RGAVP.
2) RGAVP would provide direct financial support to strengthen PO. Community Operation Manual (COM) of RGAVP can be referred for detail information.
3) The field level project implementation would be done by the agency in coordination with respective DPMUs of RGAVP. Various capacities building program for SHGs can be conducted through PG/ VO/CLF/ Producer Organisations.
4) The District Project Manager, RGAVP will be nodal person and will have active role in project implementation and will provide support to implementing agency. However project will be monitored SPMU.
5) The activities promoted should have compliance with "Environment Management Framework (EMF)" of RGAVP. The plan will follow environment friendly non-negotiable practices. Any required certification related to environment clearance will be taken by the agency.
